Attn. Rep. Scott Peters

Dear Representative Scott Peters,
68 years ago, I served in the Korean War. This year, we will be observing the 75th. year of the US division of Korea in 1945 and the 70th anniversary of the Korean War's outbreak.

Technically, we are still at war with North Korea. I am requesting that you make a difference by insisting that our country officially end this war. North Korea, for years, has been desirous of such a peace accord.

I will appreciate your help but more importantly I know that the citizens of North and South Korea would be grateful if you were instrumental in brokering such an historic peace agreement.

Sincerely,
Jack Doxey
